SkiGo Cup in skiorienteering, Kiruna

Welcome to skiorienteering competitions in the SkiGo Cup series. The competitions are two individual races. Saturday is a middledistance and Sunday a shortdistance. The competition areas are in the Matojärvi surroundings and for the longer courses around Varggropen. In the Matojärvi area there are a lot of ordinary ski tracks while in the other areas the tracks are mainly made by snowmobile. The areas are close the Kiruna City and therefore other tracks not on the map can be found. Some snowmobile ways are going through the area, so be careful.

The competition center is in the IFK Kiruna office at the Matojärvi Sport Center and parking of cars can be made at the parking places near the office. There are plenty of snow – about 50 cm.

Map scale: 1:7500 for HD10-14, Ö1, Ö3 and HD55-65, other classes 1:10000.

Punch system: SportIdent. -3 min the competitors are called and the card is emptied. -2 min the card is checked and at -1 min the competitor gets the map. Time start is applied except for the open classes where start punching must be done. Finish punching must be made at the finish. If SportIdent control unit not works (i.e no sound or light) punch on the map with the traditional/old kind of punch system.

First start: 10 am both days. If heavy snow fall then mass start will be applied. In case of mass start the start time will be decided on the competition day.

Startplaces: In view from competition center.

Posts: Wooden sticks with SportIdent-unit and old punch system unit mounted on the sticks.

Price ceremony: Will be done right after the competitions on Sunday from the total result only in the youth classes.

Course lengths (the way the bird fly/best route choice)

Classes	Saturday	Sunday
